

DTEA II™ SR | Slow Release Tablet

DTEA II SR is a slow-release solid formulation of DTEA II

- Designed for small to medium sized cooling towers
- Especially beneficial in systems that have minimal monitoring or are inconvenient to service

Convenience and safety of a solid product for small systems

- Slowly dissolves in water
- Lasts 2-3 weeks
- No feeding equipment necessary
- Reduce service call visits
- Reduce product handling issues
- No drum disposal issues
- Designed for systems with:
 - Minimal monitoring
 - High biocide demand
 - High pH
 - High solids

DTEA II Chemistry Benefits

- Penetrates deposits
- Eliminates organic deposits
- Disperses & removes organic buildup
- Corrosion inhibitor
- Reduces oxidizing biocide demand
- Not affected by
 - High organic load
 - High ammonia
 - High hydrogen sulfide

Tablet packaging

Cooling Water Solutions in a Tablet
